Three quarterly reports need to be submitted during on-the-job training.

2. Eligibility

Candidates who have graduated in 2010/2011 with the following degrees:

B.Sc.
(Biochemistry/Biotechnology/Microbiology/Chemistry)

or

Diploma
(Pharmacy/Chemical Engineering/Mechanical Engineering/Electrical Engineering)

Final year students who are writing their examinations this year are also eligible to apply. The applicants must hold a first class in his/her academics at the time of application. The maximum age limit for the admission to this program is 23 years.

3. Application Fee

The application form must be downloaded from the web site (<http://www.rils.ac.in>) and filled up legibly. A non-refundable application fee of INR 500/- (Rupees five hundred only) has to be paid through demand draft in favor of 'Reliance Institute of Life Sciences' payable at Mumbai along with the application.

Completed application form along with the application fee needs to be sent via courier to the following address:

Directorate,
Reliance Institute of Life Sciences, Dhirubhai Ambani Life Sciences Center
Thane Belapur Road, Rabale, Navi Mumbai 400 701, India
Tel : +91-22-6767-8304 Fax : +91-22-6767-8099 E-mail : director@rils.ac.in

4. Selection Procedure

The selection will be done through an on-line test comprising questions from biotechnology, quantitative analysis and English comprehension. There will be 60 multiple choice questions which will have to be answered via internet portal within 45 minutes. The address of the internet portal and the time of the examination will be notified to the eligible candidates via email at appropriate time.

The on-line test will be followed by a personal interview which will be conducted in Navi Mumbai.

5. Stipendium

All selected candidates will be given a stipendium of INR 180,000/- per annum during the training period (12 months).

6. Faculty

Faculty members are drawn primarily from Reliance Life Sciences Pvt. Ltd. Some of the faculty will come from other companies of Reliance Group and other industries.

7. Academic Infrastructure

The class room training will be conducted in lecture halls equipped with computer, LCD projector and audio system. The projects will be carried out in state-of-the-art research and development laboratories in Reliance Life Sciences Pvt. Ltd.

8. Venue for the Program

The program will be conducted at Dhirubhai Ambani Life Sciences Center, Navi Mumbai and at manufacturing plant in Worli, Mumbai.

9. Placement

Participant, who completes the program successfully (with first class), will be placed in Reliance Life Sciences.

10. Accommodation

Shared accommodation and transport will be provided for the first 15 days free of cost to the outstation candidates. However, within this period, the participants will have to find suitable shared accommodation on their own in Navi Mumbai (Airoli/Ghansoli) area.

11. Cafeteria

There is one cafeteria in the campus, which provides breakfast, lunch and evening snacks at affordable rates.

12. Healthcare

Medical doctors are available in the campus to take care of an emergency. Ailments can be treated in public and private hospitals at Navi Mumbai, which are accessible 24 hours.

13. Location

Dhirubhai Ambani Life Sciences Center is located on Thane-Belapur Road opposite to Rabale railway station at Navi Mumbai. This Center is well connected with city center via public transport systems.
